Sound Check/Miscellaneous

Please have a table available for merchandise and a wifi network and password provided for POS.

The sound, stage and lighting systems must be fully set up and operational prior to bands load-in time. This means all microphones, stands, cables, etc. are to be in place. This will expedite the load-in and set-up process for the band. They can then easily make any adjustments needed for the space, plug the cables into the mixing console and be ready for sound check as soon as possible. If you have read through all of this prior to the event, please confirm by emailing the confirmation word "NFAriderConfirmed" to **david@notfadeawayshow.com**

For 7:00PM and 7:30PM Show:

- 2:00PM (latest) Tech Load-In
- 3:00PM (latest) Band Load-In
- 4:15PM (latest) Sound Check
- 5:15PM Dinner Break
- 6:30/7:00PM Call Time
- 7:00/7:30 Showtime

For 8:00PM Shows everything back one half hour.

*****SPECIAL NOTE*****

- ***No changes to the stage will be adjusted after sound check.***
- ***No changes to sound will be adjusted after sound check without band approval.***
