Input Patch List:

!!!!IMPORTANT!!!!

Band will provide our own Behringer XR18 using the “M-Air” app on iPad or Android Tablet. Please familiarize yourself with this free app. FOH will run from our Dbx DriveRack PX Powered Speaker Optimizer. We will run this unit with pink noise to optimize the room before the start of our soundcheck. We will not run a splitter.

Band mixes own IEMs

Sound Check/Miscellaneous

Please have a table available for merchandise and a wifi network and password provided for POS.

After set-up of the stage is complete, we will start with running the wizards on the Dbx Driverack to pink noise the room and automatically eliminate feedback. After this is done we will play through songs for the engineer to mix what is needed.

For 7:00PM and 7:30PM Show:

- 3:00PM (latest) Tech Load-In
- 3:30PM (latest) Band Load-In
- 4:00/4:15PM (latest) Sound Check
- 5:00PM Dinner Break
- 6:30/7:00PM Call Time
- 7:00/7:30 Showtime

For 8:00PM Shows everything back one half hour.

*****SPECIAL NOTE*****

- ***No changes to the stage will be adjusted after sound check.***
- ***No changes to sound will be adjusted after sound check without band approval.***
